Education

Dr. A. P. J. Abdul Kalam Technical University — 8 cgpa
Bachelor in Technology, Information Technology — *Aug. 2023 – May 2027*

K. P. Y. Inter College — Kanpur, UP
12th — *83 percentages*

Technical Skills

Programming Languages: Python, C, C++, JavaScript, SQL
Frontend Technologies: HTML5, CSS3, React.js, Bootstrap, Tailwind CSS
Backend Technologies: Flask, Django, REST APIs
Databases: MySQL, SQLite
Tools & Platforms: Git, GitHub, Postman, Vercel, Render, Figma
Core Subjects: DBMS, Operating Systems, Computer Networks, Object-Oriented Programming
Generative AI: Gemini API, Prompt Engineering

Projects

Resume Analyzer | *React, Django, Gemini API* — Live

- Developed an AI-powered Resume Analyzer using React and Django to evaluate resumes against ATS-friendly criteria.
- Implemented resume scoring based on skills, keywords, formatting, and overall content quality.
- Integrated Gemini API to generate personalized suggestions and recruiter-style feedback.
- Designed a responsive interface for resume upload, analysis, and feedback visualization.

Weather Forecast App | *React.js, OpenWeather API, CSS* — Live

- Developed a responsive weather forecasting application using React.js and OpenWeather API to provide real-time weather information.
- Implemented city-based weather search with detailed metrics including temperature, humidity, wind speed, pressure, and weather conditions.
- Integrated dynamic weather backgrounds that automatically change based on current weather conditions such as Clear, Clouds, Rain, and Snow.
- Added search history functionality to enable users to quickly access previously searched locations.
- Designed a mobile-friendly and responsive user interface to ensure a seamless experience across devices.

Achievements

- Solved **500+** DSA problems across Leetcode, GFG and Hackerrank.
- Secured **Rank 10** in an Inter-College Hackathon, competing against teams from multiple institutions.
- Qualified as a **Finalist Team** in the College Hackathon among numerous participating teams.
- Achieved **Rank 1033** in a National-Level Coding Contest conducted by Naukri.com.
- Earned a **5-Star Rating** in Problem Solving on HackerRank.
- Contributed to **Social Winter of Code (SWOC)** as an Open Source Contributor (RANK-144).
- Contributed to **ECWOC Summer of Code** through open-source development and collaboration [Certificate].
- Selected as a **Volunteer** in the Competitive Programming Team of Google Developer Groups (GDG).
